

The Ripper™

**DESIGNED
TO HELP
YOU SAVE
LIVES.**

The Ripper™ is the tool you need to safely and quickly cut and remove laminated glass to reach victims.

First Responders know that seconds matter during a rescue situation. Due to the passing of FMVSS 226, most newly manufactured vehicles sold in the United States are now required to have laminated side windows. This new requirement poses a serious problem for Rescuers. Laminated side windows must be cut in order to access persons trapped in their vehicle, and traditional window punches will no longer work.

Saving lives means having the right tool. Rescue 42 tools are trusted by thousands of Departments, and designed for First Responders by a First Responder.

THE RIPPER™

Because seconds matter.

➔ Punches and cuts laminated glass in less than ten seconds, so you can quickly reach a trapped occupant.

➔ Interfaces with several popular model impact drivers. Don't have an impact driver? Purchase an all-inclusive kit.

➔ One inch piercing tip means patients stay within the "Safe Cut Zone" away from any dangerous blade.

Watch. Buy. Save Lives.
