miniNSD™ AiO

A Network System Deployable All-in-One Delivering Cellular and High-Speed Internet Connectivity for Verizon® Customers When & Where It's Needed.

The Rescue 42 miniNSD AiO (All-in-One) is configured to provide connectivity to the Verizon® Network. The single case solution is a highly portable, customer-owned, complete deployable cell tower.

Create your own Cellular and Wi-Fi hotspot, even in the most remote environments. The Starlink® Mini satellite system provides cellular backhaul and high-speed Internet, almost anywhere.

The single case can be rolled, hand-carried or transported by a single person in a vehicle, by air, or over water anywhere communications are needed.

Features

- Cell Range up to 1000'
- Wi-Fi Hotspot up to 500'
- Connect up to 64 LTE Devices
- High-Speed Satellite Internet
- Weatherproof + Waterproof
- Ability to Control LTE Access
- Qualifies as Checked Luggage
- Transport in Any Vehicle
